Re: Jackson-Shaw Owner's Reception at the Cascades Events Center

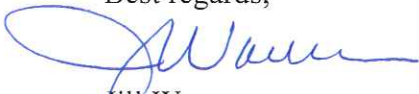

Dear Penny:

Our recent owner's reception at the events center was a huge success and all of the credit goes to you and your staff. From the beginning planning to the execution, the experience was professional and seamless. Aside from your leadership, I must also give special mention to Rebecca Rohwer for her good ideas to enhance the evening and attendance and also Kris Buchanan for planning the menu, theme, entertainment and decorations. The center was beautifully decorated and the food just right. The various entertainers turned what could have been an ordinary event into something truly special.

I know this party, coming so soon after the opening of the two hotels, was a push for your new staff, but they performed admirably. Everything was flawless.

I would recommend your group to anyone needing a fabulous location and venue for a meeting or event. Thank you again for all of your work and support to make the Owner's Reception such a success!

Best regards,

Jill Warren  
Vice President-Administration
